ONE BOOKMARK FOR ALL YOUR BOOKMARKS.

A curated, searchable, filterable database of links and descriptions to tools that every new web developer should have at their fingertips.

A DIGITAL LIBRARY FOR A DIGITAL STUDENT OF THE WEB.

🔍

Filter your search:

HTML/CSS   Accessibility   Graphic Design

Inspiration   Learning   etc...
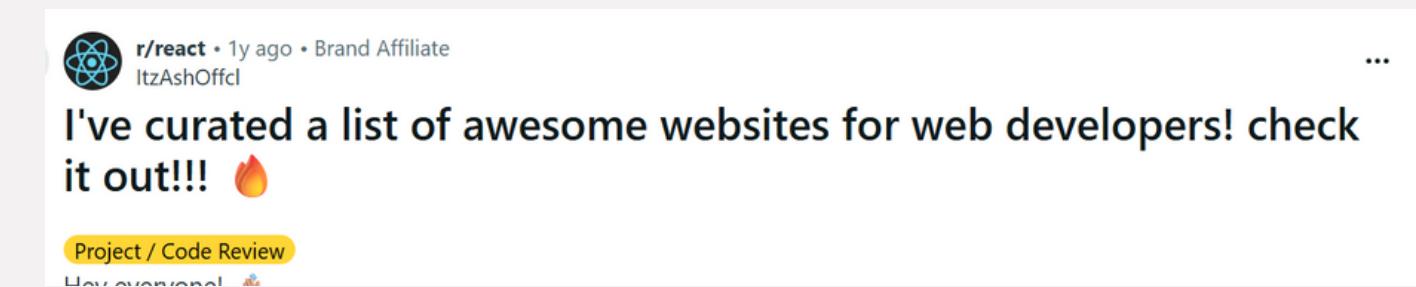

EXISTING TOOLKITS:

Clickbait thought leadership-builders
Too many duplicates listed
Not updated – static
Don't include current filtering needs – AI, sustainability

I've curated a list of awesome websites for web developers! check it out!!! 🔥

12 Must-Know Websites for Every Web Developer

10 Websites every Web developer should at least look

10 websites every developer should follow

CURATED, OPTIMIZED, REFINED.

Not necessarily comprehensive
Accessible, refined, well-constructed, independent
Dynamic, ongoing, and consistent checks for outdated/broken links
A special page tailored for this program
